Praying for Our Children

Dear Deborah Harris,

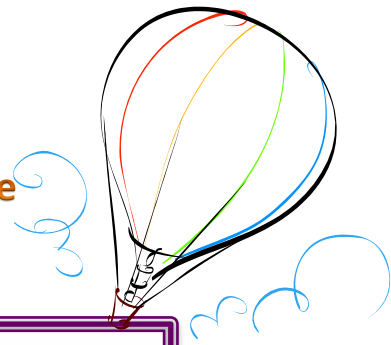

Florida Hospital for Children is honored to work and partner with Praying for Our Children. As a faith based organization we embrace your mission to better the world for children through prayer, faith, and hope. We would like to thank you for extending the opportunity to become recipients of blankets and prayers from your organization. We know many volunteers and donors help make your program successful and we are excited to partner in prayer with everyone. Together we will connect and reach many children and families in need of encouragement.

We appreciate your invitation for Florida Hospital for Children to collaborate with Praying for Children. I have no doubt that together we will positively impact many children and their families.

Sincerely,

Traci Woods
Director of Patient & Family Experience
Florida Hospital for Children

“Covered With Prayer” NICU Isolette Florida Hospital for Children

In partnership with the Florida Hospital for Children in Orlando Florida, Praying For Our Children with your support, will ensure at least 100 infants in the Neonatal Intensive Care Unit (NICU) will be “Covered With Prayer”. Each of the isolettes will be “covered” with a “Covered With Prayer” blanket to ensure the infants inside are protected from outside influences that can negatively impact their development. Parents and loved ones are moved by this tangible reminder that there is power in prayer. When the child goes home the parents are presented with the blanket as a reminder to keep their children covered in prayer. Children who are transported to the hospital from other locations will also be covered with one of these blankets.

For a donation of \$25 per blanket an infant in the NICU at Florida Hospital will be “Covered With Prayer”. Donate Today!
